As the U.S. Senate hosted their Senate Judiciary Hearing on Election Integrity today, it is time to tell our U.S. Senators that it is time to restore “**FITness – Faith, Integrity and Trust**” in our elections.

TODAY & TELL YOUR FRIENDS to Call both of your Senators, whether Republican or Democrat, and convey the following messages during the phone call:

Tell them to **VOTE NO** on **S. 1**, the Corrupt Politicians Act. It should be “Easy to Vote, but Hard to Cheat.”

Note: The House has already passed their version of this bill and it is called HR-1.

The Corrupt Politicians Act (S. 1) will make it hard to stop the cheating because it forbids voter ID, forces automatic voter registration, uses taxpayer money to fund campaigns, and will rig elections for incumbents.

Suggested Script:

Hi, my name is [Your Name], and I live in [City, State]. I am your constituent. I am calling today to urge you as my Senator to **Vote NO on S. 1.**

While we need to restore **“FITness – Faith, Integrity and Trust”** in our elections. S—1 actually makes it **easier to cheat because it removes safeguards like forbidding voter ID**, and it **forces states to add policies that make cheating easier** – such as **automatic voter registration**. Voting is my most sacred right as an American. So I am asking you to “Trust but Verify My Vote” by **voting AGAINST S-1**. Let’s make it **“Easy to Vote, but Hard to Cheat.”**

Thank you.
