Educating Republicans and Empowering Candidates

Subject Line: SB 202 is Law | Bruce LeVell – 4/10 DGOP Breakfast | County Convention - 4/17

SB 202 The Election Integrity Act of 2021 is Georgia Law

An important first step in restoring **FITness - "Faith, Integrity, and Trust"** to Georgia's elections.

**Thank you to all the Georgians and Legislators alike
who worked tirelessly over the last few months
to get this bill across the finish line.**

Yesterday afternoon, SB 202 passed the Georgia House of Representatives with a **100-75** vote. SB 202 was immediately transmitted to the Georgia Senate, where Senators debated on the bill for about an hour and then passed the bill **34-20**. **All Senate Republicans** supported the bill. No Democrats voted for it.

Then, last evening at 6:30 pm Governor Brian Kemp signed the SB 202 into law.

Summary:

- Requires a voter provide a driver's license or state ID card number to request and when submitting an absentee ballot. This requirement replaces the subjective signature-match with a clear, objective standard to ensure that absentee ballots have security requirements like in-person voting.
- Significant expansion in ballot access and would apply in every county in the state.
- Makes changes empowering the State Election Board and ensuring legislative review of emergency rules, including removing the Secretary of State as chairman,
- Secures drop boxes and creates a chain of custody for absentee ballots by requiring the placement of them in early-voting locations, only accessible the precinct is open and actively monitored by an on-site elections official. There is a limited exception for declared states of emergency, allowing drop boxes to be placed outside an approved voting location.
- Bans private funding for elections
- Limits the use of mobile polling locations to only during States of Emergency

- Secures the precinct areas against non-voting activities to preserve the sanctity and security of elections.
- Requires shorter timelines for processing absentee ballots and certifying election results to prompt quicker results without the uncertainty that undermine voter confidence.
- Requires security paper to allow for authentication of ballots.
